IA/ Cyber Security Solutions

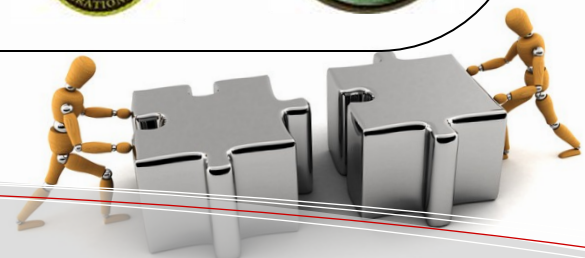

- Full Security and Privacy Program Support
- Certification and Accreditation (NIST, DIACAP, DODIIS, NIAP, FIPS, CNSS, NSA)
- Full Information Assurance and Cyber Security Training Programs (Tailored to your Agency)
- BIA, Continuity of Operation Plans, Contingency Plans, Disaster Recovery Plans, Testing
- E-Government (E-Authentication, Identity Provisioning/Management, Secure Portals)
- IA Training (CISA, C&A, DIACAP, FISMA, CNSS, Security Awareness, Penetration Testing)
- Incident Response and Eradication (Full Response Life Cycle, Monitoring, Testing, Training)
- Penetration Testing (Whitebox/Blackbox), Security Control Assessments (SCA), ST&E
- Physical Security Assessments, Secure System, Telecommunication Assessments
- Risk/Vulnerability Assessments, Third Party Security, C&A (IV&V), Software Assurance
- Secure Network Design and Implementation (Federal, NetCentric, Intell), SDLC Support
- Critical Infrastructure, Key Resource Assessments (SCADA, Legacy, Wireless)
- Security Policy, Procedures, Standards, SOPs, and Guideline Development/Updates
- Enterprise Encryption, IDS/IPS, Firewalls, Anti-Virus, Biometrics, Patch Management

Cyber Security Service Coverage

- Security Program Support
- Security Auditing
- Continuity of Operation Plans/ Disaster Recovery Plans
- E-Government
- IA Training
- Incident Response
- Penetration Testing
- Physical Security
- Risk/Vulnerability Assessments
- Secure Network Design and Implementation
- Secure System/Software Assurance

Schedule

DIACAP In-Depth (3-Day)

- Jan 5-7, 10 Crystal City, VA
 - Feb 8-10, 10 Crystal City, VA
 - March 2-4, 10 Crystal City, VA
 - April 6-8, 10 Crystal City, VA
 - April 27-29, 10 San Antonio, TX
 - May 11-13, 10 Crystal City, VA
 - June 15-17, 10 Crystal City, VA
 - June 15-17, 10 San Diego, CA
 - July 13-15, 10 Crystal City, VA
 - Aug 10-12, 10 Crystal City, VA
 - Aug 17-19, 10 Seattle, WA
 - Sept 13-15, 10 Crystal City, VA
 - Oct 5-7, 10 Crystal City, VA
 - Nov 2-4, 10 Colorado Springs, CO
 - Nov 16-18, 10 Crystal City, VA
 - Dec 7-9, 10 Crystal City, VA
- And many more...

DIACAP Intensity (4-Day)

- Jan 5-8, 10 Crystal City, VA
 - Feb 8-11, 10 Crystal City, VA
 - March 2-5, 10 Crystal City, VA
 - April 6-9, 10 Crystal City, VA
 - May 11-14, 10 Crystal City, VA
 - June 15-18, 10 Crystal City, VA
 - July 13-16, 10 Crystal City, VA
 - Aug 10-13, 10 Crystal City, VA
 - Sept 13-16, 10 Crystal City, VA
 - Oct 5-8, 10 Crystal City, VA
 - Nov 16-19, 10 Crystal City, VA
 - Dec 7-10, 10 Crystal City, VA
- And many more...

DIACAP Validator (5-Day)

- Feb 1-5, 10 Crystal City, VA
 - Mar 15-19, 10 Crystal City, VA
 - May 17-21, 10 Crystal City, VA
 - July 19-23, 10 Crystal City, VA
 - Sept 20-24, 10 Crystal City, VA
 - Oct 18-22, 10 Crystal City, VA
 - Dec 13-17, 10 Crystal City, VA
- And many more...

The only NSA/CNSS (NSTISSI No. 4011) Certified Department of Defense Information Assurance Certification and Accreditation Process (DIACAP) Training Courseware

• **DIACAP Leaders**

Experienced in DIACAP consulting, training, and implementation; Completed DIACAP packages and training for all Components/Agencies, including those for DoD vendors, e.g., vendor SW and enterprise solutions, Outsourced IT, etc; Seamlessly transitioned clients from DITSCAP to DIACAP.

• **Expert Cost Advantage**

We are a SDVOSB Information Assurance (IA)/ Cyber Security Company - unlike many DIACAP/ FISMA consultants IA/CS is not our second or third job - it is always our first. We provide flexibility in contracting/invoicing, e.g., T&M, FFP, CPFF, etc., based on your needs. We employ and train EXPERTS so we always cost less in the long run.

• **Free DIACAP Tools and Templates**

Developed extensive toolsets and templates to make DIACAP more efficient and effective for our clients. We tailor all content to your specific needs!

It is our passion to train and develop the DoD and Federal IA leaders of today and tomorrow. We have provided DIACAP training for many DoD, Joint, and commercial customers, ranging from all levels of DIACAP stakeholders, including those responsible for DIACAP completion (PM) to those responsible for IA Controls implementation (system administrators, security managers, etc.) to the Validators responsible for independent testing of IA Control compliance for the Certification Authorities. Our courses provide real life DIACAP scenarios from certified professionals that will prepare you to develop a successful SIP, DIP, DIACAP Scorecard, POA&M, and all associated artifacts. Lunarline courses provide students with a fundamental knowledge of the DIACAP. Students increase awareness relative to risk management in order to ensure confidentiality, availability and integrity of federal information and information systems. These courses will also provide an

understanding of the purpose of the C&A process, identification of the DoD baseline IA Controls, a roadmap in order to initiate the DIACAP as well as implementation tips and techniques founded in real world experience. All courses include printed training manual and a CD/DVD containing useful documents, templates, resources, and samples. Further, our support doesn't end once the course is over. Frequently our instructors are contacted to provide C&A strategy assistance and/or IA control implementation guidance well after the courses have ended. In addition to the schedule at left, classes are formed on an as-requested basis. Courses can be tailored to your environment and specific requirements. **Let us tailor a program to your Agency today!**

www.diacaptraining.com

Phone: 571.481.9307

Email: DIACAP@lunarline.com

All instructors are actively supporting DIACAP projects and are DoD 8570 compliant. Our instructors actively participate on multiple security committees, working groups, and boards. Our instructors are thoroughly trained and experienced in DITSCAP/DIACAP, NIST, FISMA, and DCID/CNSS.

CNSS Training

www.CNSStraining.com

Schedule

CNSS In-Depth (3-Day)

- Jan 26-28, 10 Crystal City, VA
 - Feb 17-19, 10 Crystal City, VA
 - March 9-11, 10 Crystal City, VA
 - June 2-4, 10 Crystal City, VA
 - Aug 3-5, 10 Crystal City, VA
 - Nov 8-10, 10 Crystal City, VA
 - Dec 20-22, 10 Crystal City VA
- And many more...

CNSS Validator (5-Day)

- April 26-30, 10 Crystal City, VA
 - July 26-30, 10 Crystal City, VA
 - Sept 27-Oct 1, 10 Crystal City, VA
- And many more...

No NIST, CNSS or DIACAP Project is too difficult or too advanced!

Specialized, cleared staff with IA abilities in all DOD AIS, Enclaves, Outsourced IT, and Platform IT systems to include secure wireless, RFID, telecommunications/satellite, GPS, web applications, SOA, mainframe/legacy, embedded systems, emerging technologies, weapon systems, robotics/UAV, medical devices, encryption, biometrics and data centers.

Lunarline, Inc. courseware meets all of the elements of the Committee on National Security Systems (CNSS) National Training Standard for Information Systems Security (INFOSEC) Professionals, NSTISSI No. 4011

The only NSA/CNSS (NSTISSI No. 4011) Certified Committee on National Security Systems (CNSS) Information Assurance (IA) Training Courseware

Laws, Directives, Instructions, Standards, and Publications covered in the CNSS Courses are:

- Intelligence Community Directive (ICD) 503
- The Risk Management Framework (RMF)
- CNSS 1253 (Overview Until Final Draft is published)
- Federal Information Processing Standard (FIPS) 140-2/199/200/201/ OMB 07-16 PII
- NIST SP 800-18 Development of the Systems Security Plan
- NIST SP 800-30 Risk Management Guide for Information Technology Systems
- NIST SP 800-34 Contingency Planning Guide for Information Technology Systems
- NIST SP 800-37 Certification and Accreditation (C&A)
- NIST SP 800-39 Managing Risk for Information Systems
- NIST SP 800-53A Guide for Assessing the Security Controls in Federal Information Systems
- NIST SP 800-53 Revision 3 Recommended Security Controls for Federal Information Systems
- NIST SP 800-115 Technical Guide to Information Security Testing and Assessment
- Intelligence Community (IC) Systems Security Plan
- Intelligence Community (IC) Security Assessment Report (SAR)
- Intelligence Community (IC) Plan Of Action and Milestones (POA&M)

The Lunarline Committee on National Security Systems (CNSS) In-Depth Certification and Accreditation (C&A) Course provides an overview of the National Institute of Standards and Technology (NIST) Special Publication (SP) 800-37 C&A process and Implementing the Risk Management Framework (RMF) for National Security Systems (NSS). This course will provide a complete overview and scenario based hands-on exercises of the RFM and NIST / CNSS guidelines and Instructions to provide a clear knowledge bridge for those currently working with DCID 6/3 or those whom have no C&A experience.

Lunarline provides three (3) courses within the CNSS functional area. These courses provide students with a fundamental knowledge of the requirements, regulations and processes mandated by CNSS and ICD 503. Students will become more familiar with ICD and achieve a greater understanding of the CNSS process. Lunarline instructors help students develop a transition strategy to the CNSS process.

- NIST SP 800-115 Technical Guide to Information Security Testing and Assessment
- Systems Security Plan
- Security Assessment Report (SAR)
- Plan Of Action and Milestones (POA&M)

The Lunarline CNSS Certified (NSTISSI No. 4011) FISMA Information Security Training prepares all students to develop secure systems and all required C&A artifacts. This includes hands on development of the SSP, SAR, and POA&M. Our in-depth C&A course provides an overview of the C&A process and implementing the National Institute of Standards and Technology (NIST) RMF and related Federal guidance. Our courses also provide overviews on OMB Guidance and Federal Information Processing Standards (FIPS). Lunarline provides three (3) courses within the FISMA functional area. These courses provide students with a fundamental

knowledge of the requirements, regulations and processes requirements, regulations and processes mandated by FISMA and guidance provided by NIST. Lunarline instructors help students develop a transition strategy to the new NIST C&A process and prepare students to become independent security control Validators of the controls in accordance with NIST SP 800-53A. We also provide Agency Specific and IG Courses!

Lunarline Mobile Courses

Need your team trained? No time for travel? No Problem...We can come to you!

Lunarline, Inc. courseware meets all of the elements of the Committee on National Security Systems (CNSS) National Training Standard for Information Systems Security (INFOSEC) Professionals, NSTISSI No. 4011

Our Mobile courses are one of Lunarline's most popular offerings. With instruction delivered throughout the world, Lunarline provides the flexibility to train virtually anywhere. We understand that our customers support real time, mission critical operations and are not necessarily available to travel – no problem, we'll bring the training to you. Our mobile courses are highly specialized and can be tailored to your environment – Service, system and situation specific needs will be considered. In fact, many of our Mobile courses culminate into a C&A strategy development for your system. We have tailored DIACAP, FISMA, and CNSS courses for DISA, Army CIO G6, Air Force, Army (CENTCOM, SOCOM, LIA, NETCOM), Navy (SPAWAR), JSF and PM-JAIT, DOL OIG, Aetna Healthcare, Philips Electronics, SRI International, Lockheed Martin, Northrop Grumman, and more.

"It was a great training course! The instructor showed great professionalism and expertise on the whole C&A process. If we ever get more contracts that require DIACAP, I would be happy to bring Lunarline back to provide additional training or better yet, hire Lunarline as a consultant." – DoD Contractor, SRI

Training Success Stories

160th Signal Brigade | Donald Delahunt

“Mr. Krush is an awesome instructor who conveys the material so all can understand. In 24 years of service with DoD, he is the best with DIACAP and validation.”

US Army | Stephen Kirchhoff

“The course was an excellent way for me to get a real world understanding of the process after learning about the process through the online resources that are out there. I now feel like I have some direction when I go back to my unit to build our package.”

L-3 Communications | Jeanine Trusty

“Mr. Russell was an excellent instructor. The course was very informative. I left the training with a clear understanding of DIACAP. I am very satisfied with the materials and would recommend it to others.”

Raytheon | Martha Downing

“Excellent instructor! Keeps the class interesting by relating personal experiences.”

Utah Army National Guard | Adam Crenshaw

“I have been working with implementing the DIACAP for a few months. This course has made the process more clear and helped me define better process for implementation.”

NetIQ | Kia Ewing

“Great class, truly!! I came in with minimal DIACAP knowledge and left the course with a much clearer understanding of the process and all its varying components.”

Quantum Research International

Sarah Ringo

“This course is exactly what I needed to become efficient in my job position. I feel I have the right tools to be confident enough to explain and complete a DIACAP package. Thanks!”
